

Reply To Challenge Of Taft

Ohio Senator In Criticism of Foreign Policy Of Administration

By Jack Bell

WASHINGTON, Aug. 30.—(P)—Senator Taft (R-Ohio) contended today the Truman administration lacks both "plans and policy" to meet the threat of a new world war—a statement that Secretary of State Acheson quickly challenged.

On the contrary, Acheson told a news conference, the U. S. government and the free nations generally have shown they are alert to Communist dangers, are well equipped, well prepared and very active in meeting them.

Taft suggested the rearming of western Germans and Italians to help defend western Europe from possible Russian attack.

Summoned to testify on a \$4,000,000,000 addition to foreign military aid funds, Acheson also faced questions by Senator Ferguson (R-Mich.) as to why military leaders aren't kept fully abreast of foreign policy developments.

Ferguson said he got an admission from Secretary of the Navy Matthews yesterday that Matthews hasn't been informed on some foreign policy points.

Another Republican, Senator Lodge of Massachusetts, told the Senate yesterday the administration hasn't asked Congress for enough authority or funds to build up a combat army "of such manifestly effective strength as to enable us to regain the diplomatic initiative" in dealing with Russia.

Touche Off Debate
Lodge's demand for a 3,000,000-man army touched off a debate in which Senator Lucas of Illinois, the Democratic leader, asserted that while Russia might overrun Europe it "cannot win" a world war.

Senator McMahon (D-Conn.) said the United States will make any Russian attack in Europe "very costly" through use of the atomic bomb.

Ferguson's statement to a reporter that the armed services don't always know what American objectives are came as an outgrowth of President's Truman's message on Korea and the State Department and White House repudiation of a "preventive war" speech by Matthews.

Mr. Truman wrote MacArthur yesterday setting out in detail this country's policy of neutralizing Formosa but leaving its final disposition to international agreement. MacArthur, in the cancelled statement, had suggested American use of Formosa as a defense base.

Shortly after the president's letter was made public, House speaker Rayburn of Texas came (Continued to page 6, Column 5)

Hurricane Off South Coast

Roars From Gulf Toward New Orleans Today

NEW ORLEANS, Aug. 30.—(P)—The gulf hurricane roared toward New Orleans today and was expected to strike the Louisiana coast this afternoon and reach the Mississippi and Alabama coasts early tonight.

At 9:30 a. m. (CST) it was centered about 165 miles south-southeast of New Orleans, the weather bureau said.

Winds up to 95 miles an hour extended outward about 100 miles to the northeast and east of the center. Gale extended out some 250 miles in the northeast quadrant.

W. R. Stevens, chief forecaster of the New Orleans weather bureau, said the hurricane center is expected to pass a little east of Burwood, La., this afternoon. Burwood is located in Southwest Pass at the mouth of the Mississippi river, some 50 airline miles south of New Orleans.

Stevens said the hurricane's center would reach the Mississippi and Louisiana coasts early tonight.

He said winds will increase today, reaching hurricane force from New Orleans to Panama City, Fla., this afternoon or tonight.

Stevens warned that tides will be dangerously high from the east Louisiana coast to Apalachicola, Fla., and warned that persons in low places in that area should move to higher ground immediately.

Rise For the Lamine River

The weather bureau office at Kansas City advises that the Lamine river is expected to rise sharply, reaching a crest stage of 18.5 feet by 6 p. m. Thursday, August 31. This will be 3.5 feet over bankful level. At Blue Lick the Blackwater river is expected to crest at 7 a. m., Thursday, August 31, with a stage of 26.5 feet.

Lodger Kills Five Then Sets House Afire

Bodies of Dead Are Found In Home After Tragedy

EAST GREENWICH, R. I., Aug. 30.—(P)—A young lodger told today, police charged, how he slaughtered one by one a family of five—three children, the husband and the young wife who he said was going to have his baby.

The family, Fred J. Dusza, 39, his wife, Beatrice, 31, and their children, were found yesterday in the ruins of their burned house.

Held as their slayer was Edwin H. Reynolds, 27, a rangy blond young man who had lodged with the Duszas since he and his wife separated last Christmas. He was at first believed to be a sixth fire victim.

Police Chief Charles R. Jenkins said Reynolds will be arraigned on charges of murder and arson.

Johnson said Reynolds told him he fought with Dusza and beat him to death after an argument Monday night in which Reynolds said he was the father of a baby expected by Mrs. Dusza in October.

Reynolds' estranged wife told newsmen today:

"He was a guy who wouldn't even kill a chicken or drown a cat. I couldn't picture him as doing this."

What appeared to be a fire tragedy turned into a hunt for Reynolds late yesterday when only five bodies were found in the ruins of the Dusza home. Doctors said four of the victims were strangled.

Reynolds was captured late last night by troopers who surprised him in the home of his estranged wife, where he was alone.

Johnson said Reynolds was "cool and not nervous" as he gave him a step-by-step account of the night of terror in the seven-room frame house in a lonely farming area.

Johnson quoted him as saying about Mrs. Dusza: "I'm going for a long rest and if I can't have her nobody else can either."

Penalty Life Term
Life imprisonment is the penalty for murder in Rhode Island.

The chief gave this account of the night:

A little before midnight Reynolds and the Duszas were playing cards when an argument broke out "as to who was the father of the child," Reynolds said he was the father and Mrs. Dusza said "this

Quickie Strikes At Ford Plant

DETROIT, Aug. 30.—(P)—Unauthorized walkouts stemming from unrest over wage rates hit the Ford Motor Co., today for the third straight day.

About 2,000 workers were idled in all by mid-morning and a Ford spokesman said others would be sent home later in the day.

Production was affected at two plants.

At Ford's big Rouge plant 150 tool and die makers quit at 1 a. m. Other die workers walked out later and 1,300 men were sent home as a result.

DETROIT, Aug. 30.—(P)—A series of quickie strikes at Ford focused attention today on that firm's policy in the auto industry's revamped wage pattern.

Brief walkouts yesterday at one time were reported to have upset operations at Ford's big Rouge plant.

The CIO United Auto Workers said the incidents reflected unrest over pay raises granted to Ford competitors which have upped their hourly wage by as much as ten cents or more.

Ford made no comment.

Through yesterday half a million auto workers had received pay boosts, but Ford had given no indication of what it intended to do.

Employer of 115,000 hourly workers, the company was the only member of auto's "Big Three" which had not joined in the procession of pay increases.

Under its contract with the union, Ford is not required to make any change before January 1.

Chrysler, a big three member, voluntarily increased its rates by ten cents. General Motors, the other member, puts a five-cent hourly raise into effect Friday under its cost-of-living clause. This adds to a previously contracted four cents increase.

Facial Injuries In a Collision

Mrs. Noma Lee Croft, 40, 1502 South Ohio avenue, received facial injuries about 11:15 o'clock this morning when in an accident about a mile and a half east of Sedalia on Highway 50. Occupants of the two automobiles involved other than Mrs. Croft escaped injury.

Mrs. Croft was riding in a 1931 Ford coupe driven by her brother-in-law, George W. Croft, Clifton City, and the other car was a 1950 Oldsmobile 88, driven by Simon Thomas Zimmerman, Jefferson City, who was accompanied by Mrs. Zimmerman and their eight-year-old son, Gary Lee.

According to Mr. Croft, he said he was driving east and started to turn into the driveway of a farm yard, where Mrs. Croft was moving.

Mr. Zimmerman said he saw the car but was unable to avoid the accident when the coupe turned in front of his car.

The right rear fender was knocked from the Ford, a right rear wheel damaged and the turtle-back of the car knocked off. The right front part of the Oldsmobile was badly smashed in from the collision.

Mrs. Croft was taken to the Bothwell hospital in the McLaughlin ambulance. Dr. C. D. Osborn attended the injured woman.

Mrs. Croft suffered a severe laceration on her nose and six stitches were necessary to close the wound. She was admitted to the hospital. Her injury was suffered from broken glass knocked out from the impact from the right door.

Would Permit Doctor Draft

WASHINGTON, Aug. 30.—(P)—The House today passed 362 to one legislation permitting a draft of doctors, dentists and "allied specialists" for the armed services.

A similar bill was passed by the Senate yesterday, but there are differences which will have to be adjusted before the legislation goes to President Truman.

The one opposing vote in the House was cast by Rep. Marcantonio (ALP-NY). Rep. Hedrick (D-WVa) voted "present."

The House bill permits a draft of doctors up to and including age 50; of dentists through age 45.

Carl Colson Is Wounded In Korea

Mr. and Mrs. Jesse Colson of Sweet Springs, received a telegram Tuesday, saying that their son, Carl, was wounded in action in Korea, August 12, and is in a hospital in Korea.

Carl Colson is the nephew of Charles Colson, 325 North Summit avenue.

Lightning Into a Mine Kills One

POTTSVILLE, Pa., Aug. 30.—(P)—Lightning, traveling 430 feet along a wire into a mine, exploded five charges of dynamite, killing one independent miner and critically injuring another.

Harry Hartz, 35, Themont was killed and Harvey Reiner, 32, Donaldson, injured shortly before they were scheduled to leave the mine and set off the dynamite charge yesterday. Another miner, Ira Rhody of Tremont, already had departed and was in a shanty near the mouth of the mine when the lightning struck.

Rhody said the dynamite exploded in the faces of Hartz and Reiner. The latter was taken to Pottsville hospital with injuries of the head and face.

Quick Action Urge on Taxes By President

WASHINGTON, Aug. 30.—(P)—President Truman prodded Congress today for quick action on a bill to increase taxes by \$5,000,000,000.

He called Acting Senate Democratic Leader Myers of Pennsylvania and House Democratic Leader McCormack of Massachusetts to the White House to urge speed on the measure.

Secretary of the Treasury Snyder, who sat in on the conference, emphasized the terrific job facing the treasury if the increases are to become effective Oct. 1.

"The president emphasized to us the importance of speed in order to assure that the treasury can go forward with the new collections on the scheduled rate," Myers said.

Myers said that what with the amendments to be debated he doesn't think the bill can pass the Senate before Tuesday.

He and McCormack agreed that once the Senate acts a little time will be required to iron out differences in the Senate measure and the one previously passed by the House.

Talk of Compromise
Meanwhile there was talk of compromise on the bitterly contested excise profits tax amendment.

Off-stage maneuvering was reported aimed at a settlement about like this:

1. Delay action on an excess profits levy to take the profits out of war until early next year, but—

2. With a rigid agreement that the profits levy, when enacted, would apply as of July 1, 1950 or Oct. 1, 1950.

If the compromise is accepted, the retroactive application would represent a major victory for a group led by Senators O'Mahoney (D-Wyo) and Connally (D-Tex).

They worked to tack the levy on the general tax bill now and make it effective July 1.

Delay in action would be a concession to Chairman George (D-Ga) of the Senate finance committee and others who contend that Congress may do serious harm to the nation's economy if it adopts a hastily prepared tax on profits.

President Truman is supporting George's position that action should be delayed pending thorough study.

The compromise talk spread rapidly after O'Mahoney told newsmen a poll of senators indicated the excess profits tax could win now by a comfortable margin.

The Weather
Mostly cloudy with occasional showers tonight and a. Thurs. Little change in temperature. Low tonight 60. High Thurs. in middle 70s.

Temperature: 7 a. m. 62 degrees; 2 p. m. 65 degrees. Rainfall: 2.36 inches.

Lake of Ozarks: 60.0; rise .1.

Thought for Today
And I prayed unto the Lord my God, and made my confession, and said, O Lord, the great and dreadful God, keeping the covenant and mercy to them that love him, and to them that keep his commandments.—Daniel 9:4.

Missed Baseball, Finds Chicken and Melons

WASHINGTON, Aug. 30.—(P)—Rep. Camp (D-Ga.) came up today with new reasons for congress to adjourn.

"Members are tired, nerves are on edge, tempers are frayed," Camp said in a letter to constituents. And he added wistfully:

"We missed all the watermelons, fruit, fried chicken and baseball. We surely hope we can get home for muscadines, persimmons and 'possums.'"

Knob Noster Has Lions Club
Organized at High School There On Tuesday Night

The two hundred and sixth Lions club in Missouri was organized, Tuesday night at Knob Noster at the high school. W. Raymond Baker, was elected the first president. Judge William B. Waters, District Governor of 26-F in which district Knob Noster is located, will present the club its charter on Monday evening, October 9.

Milton S. Kenrick was elected secretary and Albert C. Teague, treasurer. The three vice presidents are Jack Saults, Richard "Rip" Zink and Leonard C. Clark. Wallace Wimer was named Lion Famer, while Bert Saults was elected Tail Twister.

Directors are Louis P. Lay and R. E. Vaughn, to serve until June 30, 1952, and George E. Wampler and E. O. Price who will serve until June 30, 1951, the end of the term of all other elected officers.

Chairmen Named
Four committee chairmen were appointed by President Baker. They are: J. O. Marshall, constitution and by-laws; Earl Turner, finance; Elmer Rehkop, membership, and Jack Saults, chairman for the charter night affair of October 9.

The new club is being sponsored by the Lions club of Warrensburg, who was represented at the meeting by four members lead by the club's past president, B. A. Richards.

C. D. "Dan" Saults, brother of the two Saults brothers elected to office, a member of the Lions club in Jefferson City, assisted C. C. Den Herder, of St. Louis, a special representative of the International Association of Lions clubs, in making first contacts in Knob Noster.

Meetings will be held on the second and fourth Monday nights of each month starting at 7:30. The three vice presidents and the secretary and treasurer were named as a committee to select the meeting place. The next meeting will be on September 11.

Broad Hint That the 38th Parallel in Korea Be Erased

By Elton C. Fay
(P) Military Affairs Reporter
WASHINGTON, Aug. 30.—(P)—The question of whether the United States intends to carry the war on into Communist North Korea developed a new and interesting facet today.

From an American agency the psychological warfare branch of the Far East command, came a broad hint to the citizens of North Korea that their Communist rulers will be ousted and the 38th parallel dividing line erased.

The suggestion is conveyed in an air raid warning leaflet being dropped in North Korea. It advises civilians to move away from the cities which have been converted into military targets by "your Communist leaders."

And it tells them they should join others who have left the cities so that "you can help build a strong, free Korea after the Communists have been driven out."

Conceding that this is a psychological maneuver, it still is note worthy that a United States agency has suggested to a Russian satellite that its Communist government will be tossed out. A "free" Korea would mean that after talking to the president on the artificial boundary between

Action Blazes Forth On Korean Front As Allies Lashing Back

Sale For Last Chance Tavern

KANSAS CITY, Aug. 30.—(P)—The Last Chance tavern has been sold.

Located astride the Missouri Kansas state line, the tavern has been the scene of countless raids by peace officers of both states. But because of the building's strategic location, the officers seldom found anything illegal on their respective sides of the state line.

Fred R. Johnson, city liquor control director, scheduled a hearing yesterday for the owner, Mrs. Isabel Goulding on charges that disorderly conduct was permitted in the tavern and that liquor was sold to intoxicated persons.

But Mr. Goulding's attorney appeared with records showing that she had sold the place for \$15,000 to Southwest Liquors, Inc., a new firm, so Johnson had to drop his charges.

Mrs. Goulding's husband, John P. Goulding, was named by a federal grand jury April 29 as one of the owners of a gambling game in the tavern.

The Last Chance was the last place Charles Binaggio and Charles Gargotta were seen alive before their bullet-riddled bodies were found April 5. The two men were being investigated by the grand jury at the time.

Nothing has come of a recommendation by Harold Fatzner, Kansas attorney general, that Kansas City, Kas., officials condemn and tear down the part of the building that rests in Kansas.

Will Include The Progress of UN Forces In Korea

WASHINGTON, Aug. 30.—(P)—President Truman will make a 30 minute "report to the nation," at 8 p. m. (CST) Friday.

The White House said Mr. Truman will deliver a "fireside chat" to be carried by all the major radio networks. It also will be televised.

Presidential Secretary Charles G. Ross, who made the announcement, said the President will speak from the movie projection room in the White House.

The address will cover a report on the progress of United Nations forces in Korea, the critical international situation growing out of the fighting there and the problems on the home front.

On the latter phase, Mr. Truman will discuss his proposed economic controls, the tax increase now being debated in the Senate among other matters linked with the emergency.

Fighter Planes In Bombing of Supply Lines
Blast Railroad Trains and Start Fires In Villages

TOKYO, Aug. 30.—(P)—U. S. fighter planes roared out today in one of their busiest days in the 67-day-old Korean conflict. Far East Air Force Headquarters said.

One group of F-51 Mustangs strafed and bombed supply lines from Pyongyang, North Korean capital, almost to the Manchurian border.

B-29s in small formations struck bridges north of Parallel 38.

F-80 Shooting Star jets concentrated on ground troop support. Flying in ideal weather, they blasted railroad trains and started blazes in four villages.

F-82 Twin Mustangs attacked trains near Kaesong, 30 miles north of Seoul.

Capt. William G. Hudson, Selma, Ala., flying a Twin Mustang, and his radar observer, Lt. Carl S. Fraser, Tampa, Fla., blasted a train near Kaesong.

"About 15 of the exploding box cars were on a bridge and they in turn collapsed the bridge," said Fraser. "It was a mess."

B-26 light bombers slammed 1,000-pounders at North Korean supply dumps.

Was Fatally Injured By Work Train
ORRICK, Mo., Aug. 30.—(P)—John H. Schmitt, 56, a welder's helper for the Wabash railroad, was injured fatally yesterday by a work train. The accident happened when he was working on a bridge west of here.

Born at Herndon, Kas., Schmitt moved to Moberly about six years ago.

Feared Sixteen In Coast Guard Dead

LONDON, Aug. 30.—(P)—Sixteen coast guardsmen of two nationalities were feared dead after ship accidents in widely separated European waters last night.

In the Adriatic, a Yugoslav patrol boat collided with the American cargo ship Eugene Lykes. Nine guardsmen were believed drowned.

Off the Swedish west coast a coast guard tug capized during a 55-mile-an-hour gale. Ten coast guardsmen were saved, but one was listed as missing and six more were believed drowned.

North and South would be wiped out.
This would be strong medicine for Moscow to take.

Satellite State
The Russians created the North Korean satellite state, using as a pretext a situation which developed when the World War II allies accepted the surrender of the Japanese armies. As explained by Secretary of State Acheson, the 38th parallel was "intended to be purely a military line for the purposes of accepting surrender" of the Japanese by American forces south of the parallel and by Russian forces north of it. But, Acheson recently told a congressional committee, the line "solidified."

Whether it is the intention of the United States to do more than rid South Korea of the invading Red armies or to keep an eventual counter offensive rolling on across the 38th parallel and up through North Korea is not clear. Presumably any such decision would require United Nations concurrence.

The latest word from President Truman was that he hadn't made a decision. That information was relayed from Rep. Davies (D-NY) after talking to the president on the artificial boundary between

Small Scale Attack on Reds Near Pohang To Halt After Gain

TOYKO, THURSDAY, Aug. 31.—(P)—The Korean war front blazed with action Wednesday as allied forces lashed back at mounting North Korean forces probing furiously for a breakthrough.

On the worrisome north-eastern front, American and South Korean forces at Pohang launched a small-scale tank-infantry attack on Reds who penetrated within rifle range of that Number 2 United Nations seaport.

The U. S. attack stalled after gaining at least one mile north of the city, said Associated Press correspondent Tom Lambert.

General MacArthur's war summary early today said Red infiltrators had been cleared from the main road southwest of Pohang which had been cut by a North Korean patrol early Wednesday.

Communist rifle fire continued, however, from nearby hills.

On the central front northwest of Taegu, U. S. First Cavalry division forces attempting to take a hill position were forced to withdraw under heavy

Communists are Hampering Operations With Sabotage

By J. M. ROBERTS, Jr.,
AP Foreign Affairs Analyst

Faced by the hard fact of an American Army in Korea when it sought to further its expansionist aims by direct aggression, the Communists seem to be stepping up their indirect campaign through sabotage, murder and disruption. Reports from Manila even attribute the latest Hukbalahap raids, in which more than 150 persons were killed, some of them within artillery range of the capital city, to direct orders from Moscow.

The Communist-led peasant guerrillas, organized during the war to fight the Japanese and intermittently on the rampage ever since, set fire to 11 towns. Although they struck swiftly in the dark at scattered points, the total force of this concerted demonstration was estimated at 5,000 men.

Raids Daily Occurrence

Similar raids are an almost daily occurrence in Malaya, where an emergency importation of British troops two years ago, and a recent effort at total civilian mobilization, have failed to halt the Guerrillas. Actually, their activities are said to be on the increase. They have killed more than three thousand people in two years, two thirds of them civilians. By terror the Communists seek to prevent co-operation between the people and the government and interfere with trade.

The warfare in Burma has taken an only slightly more open form. There the activity has been not so much by small bands, but by small armies.

The Communists are not responsible for all of the clashes in Indonesia, but they have organized some and taken advantage of dissidence in other cases.

The picture in Indochina is closely akin to that in Malaya. Even in the cities, night assassinations are commonplace, and part of the Northern area is actually occupied by Communist armies, as was the case in Greece for a time.

Sabotage Cautions

That the order has gone out in Japan, too, is evidenced by the police precautions taken against sabotage in connection with last week's dismissal of more than two thousand leftwing electric power workers for obstructing operations.

Europe's Communists served formal notice some months ago that they were switching from political infiltration, which had failed, to sabotage. Important shipments of French arms have been stolen or sidetracked, and there is a general campaign of obstruction against rearmament, although held within certain bounds by modern police methods.

Direct sabotage has been strongly hinted in several recent accidents to British ships and to international air liners in both the near and far east.

Minor Cases in Europe

The European campaign so far has involved only minor cases of violence. Strikes continue to be a principal weapon, although having lost major worker support in France and Italy. Strikes are listed now as the chief weapon to be used in the new Communist campaign to defeat plans for orientation of western Germany into the European defense system. The Communists will use antagonism toward reparations and demands for higher wages as incentives,

but their real objective, as usual, will be obstruction.

Russia's worst acts of sabotage, of course, have been against the cause of peace, climaxed in Korea. The House Foreign Affairs Committee has just released a report on the cases, involving the United States alone, in which Russia has violated her international obligations since 1943. It makes 52 printed pages.

Jaycees Hold Board Meeting

The Junior Chamber of Commerce held a board meeting Tuesday night at 7:30 o'clock in the Chamber of Commerce hall with the president, Robert Wall, presiding.

The board said they would like to thank everyone who patronized their stand at the State Fair and that the stand was very profitable. They decided that they would make the Fair stand a regular project.

Among the issues discussed was the bowling league which the Jaycees are trying to start in the Sedalia Bowling Association. They expressed the hope that they would be able to find enough players to form a league of their own. They also talked of sponsoring a Junior Bowling Association.

A meeting of all the committee chairmen will be held in the Chamber office Wednesday night.

The board decided to hold a dinner meeting for the Jaycees and their wives on September 7, at Dan's Pioneer room with a full social program to be provided.

Other projects which were discussed are to be announced later. A vote was taken and it was decided that the Jaycees would help the community chest drive in any way possible.

Allison Files Expense Declaration Tuesday

JEFFERSON CITY, Aug. 30—(AP)—State Sen. Emory W. Allison of Rolla filed a brief primary expense declaration here Tuesday on his unsuccessful effort to become Democratic candidate for U. S. Senator.

There wasn't a figure in it. It said merely: "None, except sums paid for actual traveling expenses, including hotel and lodging bills."

Under the law, he does not have to itemize those expenses. But he added a postscript to his declaration:

"Note—see report of treasurer."

Carl Schaffrin, 217 Perry St., St. Charles, Mo., says there are some folks in this old world who feel good and there are other folks who feel bad. The folks who feel good he wants to congratulate for their fine health, but for the folks who feel mighty bad he says he wants them to read what he has to say and then take a word of advice—take HADACOL if you suffer from a deficiency of Vitamins B-1, B-2, Niacin, and Iron.

Here is what Mr. Schaffrin has to say about HADACOL since it overcame the effects of such deficiencies in his system: "I have been a shoe cutter for over 32 years—I now work for the Boyd Welsh Shoe Co. in St. Louis. For quite a few years now I haven't had any appetite at all—seemed like I didn't have hardly enough energy to do my work. I was tired all the time—and really didn't enjoy doing anything. It affected my work, too. Then I heard how other folks who took HADACOL had increased their appetite and seemed to have a limitless amount of energy. I tried HADACOL and it is amazing what a change it has made. Now I feel like eating everything on the table, my disposition is 100% better and my work—in fact, everything I do I now enjoy. For an entirely new outlook on life I recommend HADACOL."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of neuritis pains, lack of energy, lack of appetite, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamin B-1, B-2, Iron, and Niacin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Now don't keep on wondering if HADACOL will help you. If you have such deficiencies—HADACOL WILL HELP YOU—just as it has thousands upon thousands of grateful souls who were so troubled. GIVE IT A FAIR TRIAL! Remember HADACOL is sold on a strict money-back guarantee. And so inexpensive. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50. Scholarships To CMSC, Awarded

Robert Solomon of Sedalia, has been awarded a regents' scholarship at Central Missouri State college, Dean Loyd E. Grimes announced today. Jo Ann Hyatt of Beaman, graduate of Smithton high school, Evelyn Nadine Williams of LaMonte, and Wiley Milton of Hughesville, have also been awarded scholarships.

The scholarship exempts the holder from payment of incidental fees at the college for three quarters, and is awarded on the basis of high scholastic achievement. It is expected that most of the recipients of regents' scholarships will use them, beginning with the fall term which starts September 8 at the college.

Byberry Needle Workers Quilt

The Byberry Needle Workers club met August 10, at the home of Mrs. Clara Faulwell, with 19 members, one visitor and several children present.

The day was spent quilting and in conversation.

A contributive dinner was served at noon.

The next meeting will be held September 14, at the home of Mrs. Tom Jorgensen.

Article Taken Recovered

Several articles taken from the home of Mrs. Sylvia Chancellor, 1705 South Osage avenue, recently have been recovered. Mrs. Chancellor reported two boys had admitted entering her home and found some of the articles taken, but were unable to locate others which they said had been thrown away.

Took Tour In College Group

Pettis county was represented by Miss Virginia O'Neill, of Beaman, Miss Rosie Lee Winston and Miss Helen Winston, both from LaMonte and Marvin Peterson, from Sedalia, in the August tour taken by Central Missouri State college's geography department.

There were 24 students in the group. Students desiring five college hours credit in geography, sociology, or geology could go on the tour, which covered 5,000 miles in 20 days and included Carlsbad Caverns, Painted Desert, the petrified forest, Grand Canyon, Yellowstone park, the Black hills and other points of interest.

This was the first tour of its kind conducted by the college. Professor Oldrich, geographer, accompanied the group.

Prudential Men Get Quality Award

Two staff members of the Sedalia district agency of the Prudential Insurance Company of America have won the 1950 National Quality Award for superior service, it was announced today.

Hugo M. Sparr, district manager, announced that the high award was won by R. P. Brandt and K. D. Payne of the agency staff. Both are of Jefferson City.

The National Quality Award is granted annually by the National Association of Life Underwriters and the Life Insurance Agency Management Association to insurance men for superior service to the public.

Near 300 Fishermen Missing In Ceylon

COLOMBO, Ceylon, Aug. 30.—(P)—Nearly 500 fishermen were missing today after a gale caught them at sea off the northwest coast of Ceylon early yesterday.

A Royal air force plane, two tugs and commercial planes were making search sweeps of the area. Of 1,500 men who had set out in the fishing fleet about 1,000 were either rescued or made their way to shore last night.

Hundreds of boats were smashed on reefs when the fishermen made a frantic effort to reach shore before the gale.

Anxious wives and children lined the coast throughout the night, maintaining a ceaseless vigil.

Rabbit Show Awards

The 1950 Missouri State Fair rabbit exhibit was open to all breeds and made a nice attraction for the record breaking crowds. The show housed in the poultry building had bunnies ranging in size from a 17 pound Flemish down to a one and one-half pound Polish. Opening up the show increased the size to three times last year's show according to Clarence N. Farley, Sedalia, who was a member of the local show committee. R. L. Souers, St. Louis, was

NOW IS THE TIME TO BUY THE BEST! GOOD YEAR TIRES are the best!

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires. That's why we're having a hard time keeping Goodyear tires in stock—despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

It's Value that counts
The final answer to tire value is how many trouble-free miles a tire delivers compared to its cost. Get Goodyear quality and find out for yourself why Goodyears are best.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears—the best!

Terms to suit you....
You can still get longer-wearing Goodyear tires at prices you like to pay on terms that suit you. We'll give you a generous allowance for your old tires, too.

Trade new miles for old
90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade you new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone"—go Goodyear for safety. And for safer driving, get LifeGuard Safety Tubes.

Come in... let's talk tires, tubes, terms

Book By Author Finishes Basic To Frank Monroe At Lackland

A letter addressed to Honorable Frank Monroe, 232 South Kentucky avenue, this city, was received today from Jonathan Daniels, Raleigh, N.C., which reads as follows:

"Dear Mr. Monroe:
"At the request of President Truman I am sending you an advance copy of my new book, 'The Man of Independence,' which Lippincott is publishing on September 27.

"As an old friend of the President's I hope you will find an accurate and interesting portrait of him. As you will notice I have tried to use his story as the case history of the American in the years which have brought us to this critical hour in our history. At such a time it seems to me the American has no better symbol than our first citizen.

"I will be very much interested in having your opinion of the book.

"With best wishes,
"Sincerely,
"Jonathan Daniels."

The writer is a son of the late Josephus Daniels, who was secretary of state under President Woodrow Wilson.

Picnic Labor Day For Deaf

The deaf people will have their big Labor Day picnic at Liberty Park Monday with services by Rev. J. W. Gardner, of Little Rock, Ark. at 11:00 o'clock in the morning.

There will be deaf people here from all over the state as well as many from surrounding states and a fried chicken dinner will be served at the noon hour.

Hearing people are invited to bring a picnic basket with fried chicken and join the group.

Mr. Gardner, who is sponsored by the Southern Baptists, will also preach at the East Sedalia church Sunday evening. He will preach in Joplin at Sunday morning services and Mr. and Mrs. John Miller and Mr. Miller's mother, Mrs. Wilma Clark, will drive to Joplin Sunday and bring him to Sedalia for the service that night.

The Marines Have the Situation Well in Hand

INDIANAPOLIS, Aug. 29—(AP)—One marine faltered as a reserve unit left by train last night for active duty.

Disregarding orders, girl friends of the marines pushed to the sides of the cars and a husky marine reached out a window and hoisted a girl for a final kiss through the car window.

One of his buddies tried to do the same, but his tugging and straining failed to raise his girl to kissing level as his mates hooted and howled.

Without a word, a marine of-

ficer placed a train step under the window.
And once again the marines had the situation well in hand.

Institutes Suit For \$15,000

Mrs. A. Y. Rinard, northeast of Sedalia, filed suit for \$15,000 damages and costs against Mrs. Mary A. Siegel, owner and operator of certain passenger carrying busses in Pettis county. She alleges that one of the defendant's busses collided on May 10, 1950, with a car in which plaintiff was riding, causing plaintiff to be thrown about in the car violently and suffering bodily injuries. She further alleges the injuries were a result of negligence and carelessness of the defendant by her servant in operation of said bus.

Plaintiff states she suffered bruises, contusions, sprains and injuries to her head, parts of her body and nerves, and allege the collision caused plaintiff to have a relapse into a previous severe sickness and that the injuries received in the collision are of a permanent nature and that plaintiff is bedridden permanently.

Lawrence Barnett is attorney for the plaintiff.

Files Suit Against a Soft Drink Company

A damage suit for \$5,000 was filed by Mrs. Willette Dempsey against the 7 Up North Missouri Company, in Moberly, Mo. Her petition charges that as a direct result of drinking from a bottle of 7 Up, she became violently ill when she swallowed a portion of the beverage and a solid slimy substance, which she alleges was also in the bottle, and a result she was forced to obligate herself for medicine and medical attention.

Her attorney is Fred F. Wesner.

Asks Office Space For 44,000 Workers
WASHINGTON, Aug. 30.—(P)—President Truman asked Congress today for \$13,740,000 to provide office space for 44,000 new government employees to be hired in connection with the expanded defense program.

He said this is space needed outside of Washington and that the money will be spent for rent and alterations.

Lodger Kills Five Then Sets House Afire

(Continued From Page One)

was so." Reynolds and Dusza fought. Reynolds knocked Dusza down with a chair and then got an ax and struck the fallen man with it.

Mrs. Dusza pleaded with Reynolds to get a doctor. When she went into another room, Reynolds went into a bedroom and took a silk stocking from a drawer. Mrs. Dusza reentered the living room and sat down. Reynolds walked behind her chair and garroted her with the stocking.

It was about midnight. Awakened, the eldest Dusza child, 11-year-old Beatrice, came sleepily from her bedroom into the living room and saw her slain parents. Reynolds strangled the child with his bare hands.

For a long time he walked around the house, smoking cigarettes. He went up to the attic and got some pieces of clothesline. He went into the bedroom which all three children share.

With the rope he garroted three-year-old Gail first. Then eight-year-old Kathryn.

He went back to the living room and dragged the bodies of Dusza and Mrs. Dusza to their bedroom. He lifted them into their bed.

He carried the body of the eldest girl to her bed.

He wandered about the house some more. About 3 o'clock in the morning he got a length of rubber hose and went out to his car and siphoned out some gasoline. He put the gasoline in a tea kettle. Then he poured it around a sofa and on the carpet in the living room.

He sat near it for quite a while. Then he lit a match and threw it near the sofa.

He went out doors and watched the house burn. He stood outside for nearly an hour until he heard the fire trucks. Then he hid in the woods until night.

Johnson quoted him as saying he did not expect the fire to "cover up" the slayings because "I knew about autopsies and things."

Johnson said Reynolds told him: "I didn't run away. If my wife had been home when I got here I was going to ask her to drive 'we just couldn't agree.'"

His estranged wife said they separated last Christmas because "me just couldn't agree."

Patrolman Robert Farrell said he asked Reynolds as they drove to police headquarters if he knew why he was wanted by police.

Farrell said: "He turned and looked me and said—'murder.' He was just as calm as can be."

Reply To Challenge Of Taft

forward with the sharpest administration criticism yet of MacArthur. Said Rayburn.

"I think General MacArthur has a great job to do if he stays in his own field and doesn't try to run the foreign policy of the United States."

Taft, in a weekly report to Ohio voters, pointed up his demand for an over-all policy statement by the administration with this series of questions:

Action Blazes Forth On Korean Front As Allies Lashing Back

(Continued From Page One)

force fighting toward the central front rail hub.

A break-through at either point could turn the Communists loose on Taegu or Pusan, the principal southeastern seaport.

While the Pohang decision hung in the balance Wednesday night American intelligence reported the Red commander apparently was throwing a new division—the 15th—into the battle.

The division was reported by General MacArthur's intelligence to be slipping toward the east from above Taegu. It was headed toward Kusan.

When it is committed to battle a third of the whole North Korean army will be pushing against the east wing of the Allied line.

General MacArthur called both Communist efforts major actions.

He said South Korean troops eliminated a roadblock set up by infiltrators three miles southwest of Pohang. Another roadblock was reported eight miles south of the port city.

A MacArthur spokesman said the threat to Taegu came from the 20,000 Reds who jumped off against the South Koreans near Wihung under an umbrella of artillery and mortar fire. The Reds gained nearly a mile in the first stab at the South Koreans.

Red infiltrators tried to get at a command post but were turned back.

Allied bombers and war vessels pounded at Communist supplies wherever they could find them. So severe have been the air attacks that a headquarters spokesman said the three new Red divisions expected at the battle line were ill equipped.

The air force reported 28 tanks, tanks, 87 trucks and many military buildings were destroyed or damaged in fresh raids.

Suit Is Filed On Insurance

Mrs. Louise Pirtle filed suit against the Prudential Insurance Company of America, alleging that the insurance corporation licensed to do business in the state of Missouri, wrote and issued a policy upon the life of Ambrose Pirtle, her husband, for the principal sum of \$500,000, to be due and payable upon the death of said insured.

The plaintiff further alleges that at all times, all the terms and conditions of the said policy, incumbent upon said insured to be kept and performed, were fully and completely performed and that said policy was in full force and effect on the first day of June, when said insured, Ambrose Pirtle, died and that, though she had fulfilled the terms and conditions of said policy, the defendant, she alleges, has failed and refused to pay the amount and sum due her under terms of said policy and continues to refuse payment to the plaintiff.

The plaintiff asks for judgment against the defendant for \$500.00 and costs. Attorney for plaintiff is Fred F. Wesner.

Asks \$60,000,000 On Controls

WASHINGTON, Aug. 30.—(P)—President Truman today asked Congress for \$60,000,000 to finance administration of emergency economic controls as Senate and House conferees worked to iron out differences over control legislation.

The money would be used for the administration of whatever controls Congress ultimately approves.

Mr. Truman asked that the appropriation be added to funds available to the president to carry out the Defense Production Act.

We are delighted to tell the readers of this paper about the wonderful new treatment which is bringing such radiant hope to such sufferers. Because now you no longer have to go on taking products which merely bring you temporary relief from the cruel, stabbing neuritis aches and pains when the REAL CAUSE is because your system is deficient in the important Vitamins B₁, B₂, Iron and Niacin.

Now, thanks to the wonderful new HADACOL treatment, you can get right after and treat the cause of these miserable aches and pains—often called rheumatism pains—due to such deficiencies.

Now HADACOL Works
 HADACOL supplies deficient systems not only with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to maintain physical fitness. Remember, if you suffer from such deficiencies which are causing your pain—there's no medicine, drug or treatment that will relieve this deficiency condition except the taking of the vital elements found in this HADACOL formula.

Be fair to yourself. Be fair to your family. Why continue to suffer so and drag yourself around when relief is as close at hand as the nearest drugstore? Start the great HADACOL treatment today. It's inexpensive—costs only a few pennies a day.

And one of the many wonderful advantages of the HADACOL treatment is that continued use helps keep such miserable aches and pains from returning. Trial-size bottle, only \$1.19. Large family or hospital size, \$3.39.

These Are Just a Few of Thousands of Medical Records of Folks* Who Once Had Such Deficiencies

Mrs. L. C. Arnold, 828 N. Utica, Tulsa, Oklahoma, writes: "I had suffered with neuritis aches and pains and a general run-down condition. I could neither sleep nor rest. I had tried everything, but nothing helped me so I really wasn't expecting help when I bought HADACOL. Imagine my surprise when I have taken only half a bottle and feel like a different person and my entire outlook on life is much brighter."

From Mrs. Nancy Fair, Box 75, Sweet Home, Arkansas: "HADACOL has helped me so very much. I had neuritis pains in my hip and knee. I am now able to do my work and still feel well afterwards."

Jack Woods, Box 227, Indian Town, Florida, says: "I sure thank you for your fine HADACOL. My arms and legs always hurt me from neuritis pains. I could hardly do anything. I could not sleep at night. But I took only 3 bottles of HADACOL and I work 10 to 14 hours a day. My arms and legs never hurt me anymore. Anyone who wishes to know about HADACOL I will be glad to tell them how it has helped me. I feel better than I have in 5 years."

Why HADACOL Comes in Special Liquid Form —Why It Reaches Every Part of Your Body

Vitamins and minerals to be absorbed by the blood must be in *soluble or emulsion form*. That's why HADACOL comes in this special liquid form so that its precious elements are more easily and quickly absorbed and assimilated by the blood stream—ready to go to work at once.

HADACOL even helps build up and fortify your red blood cells (where iron is needed) to carry these precious health-building vitamins and minerals to every organ and part of your body.

Often within a few days' time a remarkable improvement is noticed! Because remember—you are now treating the REAL CAUSE of such deficiency aches and pains.

Sold on a Strict Money-Back Guarantee
 If after taking HADACOL for a reasonable period of time, you don't notice a great improvement in the way you feel—if you aren't experiencing amazing results—your money will be refunded. Could you ask for anything fairer? You stand to gain simply wonderful benefits—and you can't lose one penny. It's your own fault if you continue to suffer so.

SCREW WORMS and PINKEYE

These are two very prevalent ailments during the summer months. Screw worms should be treated first by killing the worms with either Peters Screw Worm Killer, Franklin's Screw Worm Killer or with chloroform. Any of these can be best applied with a small syringe. This gives enough pressure to get the killer in deep where it will be most effective. Then a protective coating of Smear 62 should be applied to prevent recurrence.

Pinkeye is probably best controlled by the use of one of the "Sulfas." Lederle's Sulfet Emulsion in the new Plastic Squeeze bottle is one of the best and most convenient to use.

Sedalia Chiefs Undisputed CEMO Champs

Beat Mexico 1-0
As Stags Beat
Columbia 11 to 9

The Sedalia Chiefs won the southern district championship in the Missouri Ban Johnson League Tuesday night with a 1-0 victory over the Mexico Ramblers and a 9-11 defeat by the Jefferson City Red Birds over the Columbia McKays, who would have been tied for first place had they won.

Scoreless To Eighth
In the Chief-Rambler game the play was scoreless until the Chief half of the eighth when on a single by Morgan, who was sacrificed to second, and a double by Dillard the only run of the game was tallied.

The fielding was especially weak on both teams because of the slippery outfield, but this was made up by the brilliant pitching of both Brown for Sedalia and Hill for Mexico.

The pitching record for these two boys was: Brown, 10 strikeouts, one walk and two hits; for Hill, 5 strikeouts, one walk and five hits.

Officials for the game were Thomas and Nichols.

The time for the game was one hour and eleven minutes.

Columbia Is Defeated
In the other game in the Ban Johnson League Tuesday night the Jefferson City Red Birds came from behind in the ninth inning to score six runs winning the Columbia-Jefferson City game 9-11.

Columbia led 7-15 in the seventh inning but when the Red Birds took over in the ninth six runs cinched the southern league victory for Sedalia.

The game between the Brookfield Ban Johnson team, which is the Northern League champs has not yet been scheduled.

Cubs Fall to Dodgers With a Score of 8-2

CHICAGO, Aug. 29.—(P)—Don Newcombe notched his 15th win of the year today as he stopped the Chicago Cubs with eight hits to pace the Brooklyn Dodgers to an 8-2 victory. The Dodgers clubbed Frank Hiller for five runs on four hits in the fifth inning to make things easy for Newcombe. Carl Furillo homered for the Dodgers. Big Seven Grid Season Begins

KANSAS CITY, Aug. 30.—(P)—The football season was underway today in the Big Seven conference.

Two-a-day practice sessions were scheduled at several of the schools.

Oklahoma, the defending champion, expected a turnout of approximately 60 men. The Sooners again have been tagged as the conference's top team. Oklahoma has 18 lettermen.

Pre-season polls rated Missouri second and Kansas third.

Most members of the 80-man Missouri squad attended a picnic supper with Don Faurot and his aides last night as a prelude to the two-a-day practice grind.

Kansas also scheduled two-a-day workouts for its squad of approximately 60. More than half the players are sophomores.

The Iowa State Cyclones will delay the start of practice until tomorrow. The Iowans have a squad of 66, including 22 lettermen.

Drills for the Nebraska Cornhuskers will be held at Curtis, Neb., site of the school of agriculture. Twenty-six lettermen are on the Nebraska roster.

Last year's cellar team, Kansas State, will have 27 lettermen back and a good sophomore crop. Coach Ralph Graham said he was optimistic about this year's prospects.

Nineteen lettermen are returning at Colorado, including Merwin Hodel, star fullback from Rockford, Ill.

Levis To Play Marshall K. of C. at 8:15 Tonight

The Levis will meet the Marshall Knights of Columbus in soft ball game at the Center park tonight, weather permitting. Game time will be at 8:15 o'clock.

In the event of bad weather and the game being postponed, all players are requested to meet at 420 Wilkerson, at 7:30 o'clock to discuss plans for their trip to Springfield for the tournament this week-end.

Teen-Age Blues To Play Frisbee

The Teen-Age Blues endeavoring to play out their full schedule will meet the Frisbee Clowns Sunday at Housel park, weather conditions permitting. The game was scheduled for last week but due to Fair Week it was postponed until this Sunday.

The Blues have had a lay-off of some time now and they are hoping for a break in the weather so a practice session can be held Friday at the latest.

Earlier in the season the Teen-Agers defeated Frisbee there by a score of 8 to 4.

September 10 the local team will journey to Warsaw for a game there. A previous game played with Warsaw was another Teen-Age victory by an 8 to 5 score. Plans are under way for a picnic to be held to celebrate the winning season of the Teen-Age Blues, and the fans are all invited to participate.

Former Mate To Oppose The Cards Tonight

Ken Johnson Is Slated to Oppose Max Lanier

ST. LOUIS, Aug. 30.—(P)—The Philadelphia Phillies plan to use a former St. Louis pitcher against the Cardinals tonight in an attempt to repeat their success of last night.

The Phils will put lefthander Ken Johnson against the Cards' Max Lanier, also a lefthander. It will be the closing contest of a two-game series.

Philadelphia won last night's game 5-3.

Johnson, who has four victories against one defeat, hurled two-hit ball when he met the Redbirds in Philadelphia three weeks ago.

Should he repeat, it would mean the virtual finish of any pennant hopes the Cards may still have. In fact, they are fighting to stay out of the second division, standing 10½ games out of first place.

A Cardinal victory could upset the Phils, now 5½ games ahead of the second-place Brooklyn Dodgers. After they leave here, the Phils still face Boston in a series, then return home to meet the league's top teams including St. Louis.

Johnson went from the Cardinals about two weeks after the start of the season in a trade for outfielder Johnny Blatnik. Blatnik wasn't much help to St. Louis and was fanned to Houston.

Had Hand Injury
Johnson was out about a month with a hand injury suffered in batting practice.

Lanier, with an 11-5 record, has been a mainstay of the St. Louis hurling staff.

The Redbird management can see some light from tonight's game, regardless of the outcome, as paid attendance will top the million mark. The crowd count for the season now is 997,000.

About 25,000 fans are expected to pay their way into the park before tonight's game starts.

Former Cardinal Dick Sisler was a star performer for the Phils last night. He had a double and two singles, drove in a run, walked, sacrificed and starred afield.

Stan Musial of the Cards accounted for half of the St. Louis hits with two singles and a double.

Robin Roberts pitched brilliantly for eight innings but needed help from relief artist Jim Konstanty when an error by Granny Hamner enabled the Cards to fill the bases with one out in the ninth. Howard Pollet, who has 12 victories, suffered his 11th defeat in the contest.

Rain forced postponement of the Browns' scheduled two-night doubleheader at Philadelphia.

Mixed Bowling Tourney Starts

The mixed team of Mr. and Mrs. O. G. Nelson, came through to score a 969 and take top spot in the double tournament at the Sedalia Bowling Lanes, Tuesday night.

With Nelson's first game score of 244 the duo came through to get the big score of 969. Mr. and Mrs. Phipps, "Curly and Faye" took second with a 931 while E. Lingle and H. Bundy, stepped into third spot with a 897 score.

The mixed doubles tournament will continue through September 3.

The Monday night Men's Merchants league has rounded into shape with a full roster of six teams. First games will be rolled September 11.

Teams listed under this league are McLaughlin's Furniture Co., Stewart Avenue Market, Griesedieck Bros. Beer, Grapette, St. Paul's Lutheran church, and the Bell Telephone Co.

Election of league officers will be held after the games are rolled the first night.

Green Bay Packers Defeat Giants 10-0

BOSTON, Aug. 30.—(P)—The Green Bay Packers defeated the New York Giants, 10-0, in the only 1950 National Football League competition scheduled for Boston last night before a disappointing 12,053 crowd at Braves Field.

A heavy pre-game shower ruined the exhibition game's trade and also delayed its start for about 15 minutes.

The Packers dominated the action throughout after fullback Ted Fritsch converted a 38-yard placement field goal early in the first period. Midway through the finale, the Packers struck through the air for 70 yards before Jack Clough banged for a one-yard touchdown.

English Death Rate Lower
LONDON—(AP)—The death rate in England and Wales in 1948 was the lowest ever recorded, but the cancer toll is increasing. The Registrar General's statistical review of the year just published here shows deaths at 468,645, a rate of 11 per thousand of the civilian population and a decrease of 46,946 on the previous year. Previous lowest rate was 11.4 per thousand in 1930, when deaths numbered 455,427.

Deaths from cancer accounted for 79,432, or 16.9 per cent, compared with 15.1 per cent in 1947 and 13.9 per cent in 1938.

Various Ways To Shuffle Off Boredom

By Hal Boyle
KOREA —(P)— A soldier has to find some way to kill the boredom of battle.

One day I visited a forward command post in a gully near the Nakdong river. The position had been heavily shelled and mortared all day. One shellburst a half hour before had killed an officer and wounded his driver. Those in the gully were hunched against its sides for protection and their eyes held a tense expression. But one soldier across the way was leaning comfortably against the bank and frowning intently at a paper-bound book. I started to walk across to him. A shell hit some hundred yards or so behind us just then.

The gully seemed suddenly wider and barer than a six-lane freeway. "What are you reading?" I called.

The soldier, Cpl. Lloyd A. Hahn, of Baldwin Park, Calif., got up brushed off some dust and strolled unconcernedly over to where I crouched.

He held out a comic book called "The Batman." I asked him if it was very exciting.

"Just so-so," he said placidly, "but it helps fill in the time." Then he strolled back, leaned against the bank and read on in search of adventure.

There was a kind of symbolism in another book I saw on the desk of a major general the day one of his regiments had been roughly handled by the Reds. It was "Tomorrow Will Be Better," by Betty Smith.

"I haven't had a chance to look

into it yet—been too busy," said the general grimly. "But I sure like the title."

There are almost endless stories of narrow escapes during the see-saw battle for "Atrocities Hill," north of Waegwan on the Nakdong river line. Some are almost unbelievable, such as the story of two men who escaped by temporarily joining the Reds.

"Two of our boys got lost during a night," recalled Cpl. Wade M. Young of Savannah, Ga. "A column of enemy soldiers came by and they fell into line with them. They didn't know what else they could do."

"They marched for about an hour until they saw a familiar landmark—dropped out of the column and made their way safely to our lines."

Lt. Donald Munro of Chicago, told of four other First Cavalry division troopers who were held prisoner for 20 minutes and then saved by a counterattack while their captors still were arguing over whether to kill them.

"The Gooks took away their shoes, cigarettes, rifles and ammo,"

he said. "They also took a Bible from one man but after looking at it a moment gave it back."

"One man said he heard them mention President Truman and another say, 'No kill.' "But before the Reds could make up their minds our troops drove back and chased them away."

Other American prisoners on Atrocities Hill weren't so lucky. Between 40 and 50 were shot to death by the retreating Reds.

Troops at the frontline have to strip down to the barest essential gear. Only the things that help a man stay alive and fight can be carried into the assembly lines of the industry of death.

But a soldier in one outfit who is an ardent golfer insisted on taking a golf club to battle. Most days he manages to get in about an hour of practice drives.

Whenever he comes to a cucumber patch he puts down his pack and nonchalantly tees off—

using the cucumbers as golf balls. There is no need to cry "Fore" as the course is quite uncrowded.

Production of cigaret papers requires the annual use of nearly 500,000 tons of flax straw.

The southernmost point of Africa is Cape Agulhas, says the National Geographic Society, NOT the Cape of Good Hope.
